SYMPOSIUM MALARIA

Call for Abstracts, Sponsors and Exhibitors

The *free* hybrid symposium is organized in marge of the World Malaria Day. It aims to provide a platform for all level career scientists to share their research with peers, emerging leaders, and established investigators. In-person and virtual participation is encouraged!

Thematics:

- The Biology of parasites
- Molecular epidemiology of infectious diseases
- Challenges to Global Health
- Compounds with confirmed activity
- Local and global strategies
- Computer-assisted drug discovery
- Community involvement
- Personal and professional network expansion
- Plants bioactivity
- Capacity and personal development
- Entomology and area sanitation
- Proposal writing, grant applications, funding organizations

Important dates:

Abstract Early Submission Deadline - February 10, 2024

Early Registration Deadline - March 31, 2024
